Housing, Airport, Traffic, Downtown Needs Cited by Citizens

Discussions by 214 Quad-Cityans at a "You-Nited for Action" community progress congress Saturday pinpointed housing, drainage and traffic improve-

ments as major needs along with a civic auditorium and a branch library and YMCA. Also spotlighted during day-long session at Granite City

High School were backing for a metropolitan airport in Illinois, downtown Granite City revitalization, levee district separation and rapid transit.

Citizens at the meeting also called for a health department, an alcoholism-drug abuse center, improved annexation policies, recycling of usable materi-

als, streamlining of government structures and higher government and education quality. Results Sought in 1971

Resolutions adopted by the group were referred to a steering committee which will seek to convert the ideas into tangible action and solutions during 1971.

The meeting was conducted by Gene H. Sternberg, a local building contractor, who is chairman of the steering committee.

Luncheon speaker was Alfred Fleishman, senior partner of the Fleishman-Hillard public relations firm, who stressed that success in resolving problems and differences of opinion often depends on the way people use words. Subjects rather than personalities should be discussed, with each person allowed to retain individual dignity, he said.

Moderators were Madison Mayor Mike Sasyk, government; Howard W. Kaseberg, planning; Avery Schermer, education; Carl Ranft, housing; Ted Eilerman, health; and Dale Arnette, ecology.

Stickeny, Illinois Hospital Association associate director; and Erwin C. Hoelscher, Washington University mechanical engineering department assistant chairman.

Encouragement of federal-state revenue sharing. Planning recommendations: A master plan less rigid but which deals with decaying areas. Development of a new YMCA or swimming pool of Olympic size. Traffic arteries for access to downtown Granite City; left turn signals added to traffic lights. Improved municipal annexation policy, listing guaranteed services to be offered in exchange for taxes generated by the annexed area.

Government recommendations: Separation of the Quad-City and East St. Louis areas of the East Side Levee and Sanitary District along the county line. Support of Illinois as the site of a major metropolitan airport. Accelerated efforts to involve doctors, lawyers, accountants and other professional people in government and politics. Upgrading of salaries of elected officials and appointed judges. Review of the quality and quantity of government agencies; efforts to streamline government.

Creation of a committee to recommend a governmental spending priorities. Action to end voter apathy, including efforts to move all local elections to Tuesdays.

Education recommendations: Effort to define Quad-City education objectives. Improved communications between schools and parents. (Continued on page 5, col. 1)

Set Hearing on Festival Costs

A legislative committee investigation into charges that Southern Illinois University-Southwestern has spent more than \$1 million in development of the Mississippi River Festival program will be held in Edwardsville March 18, it was reported today.

The hearing was called by State Rep. Philip Collins (R-Chicago) who said he will "issue subpoenas if necessary to get all the facts. Collins is chairman of the House Higher Education Committee."

Collins scheduled the hearing following criticism in Chicago of the expenditure of approximately \$800,000 for development of the River Festival site on the southwestern campus where the festival programs were held during the summers of 1969 and 1970.

The university administration was charged with sponsoring the festival programs at a cost of \$150,000 in 1969 and an additional \$75,000 during the last season, with only six performances during the season. High fees for rock bands were criticized.

The critics also alleged that Deylee Morris, former president of the SIU, agreed to the River Festival program prior to the 1969 Festival as part of a plan to avert a strike by St. Louis Symphony musicians.

18 Performances
Dr. John Rendleman, chancellor at the Western Illinois University, said that the festival programs at a cost of \$150,000 in 1969 and an additional \$75,000 during the last season, with only six performances during the season. High fees for rock bands were criticized.

Girl Scouts Observing Anniversary This Week

Girl Scouts of America will celebrate their 50th birthday Friday and, in commemoration of the occasion, yesterday launched week-long activities. Local scouts on Sunday attended church services in groups, and that six rehearsals each week were necessary under the contract with the St. Louis Symphony.

SIU-SW officials also noted that St. Louis Symphony members did go on strike in 1968, knowing that the Festival program was under contract.

University officials also pointed out that the site developed for the River Festival is used for other university activities. The approximately \$800,000 was used in installation of utility lines, power lines, rest room facilities and other facilities.

While it was claimed the money for development of the site came out of federal education funds, a university spokesman said the work was financed out of the university's overhead fund.

The SIU board of trustees approved \$150,000 for the festival in 1969. For the 1970 season it agreed to provide \$75,000 if supporters of the Festival could match that amount from other sources. In a board meeting two weeks ago, trustees refused to approve a request for \$150,000 for a 1971 season.

Anniversary Tomorrow

With Granite City incorporated on March 9, 1896, the 75th anniversary will be observed with ceremonies at 12:30 p.m. tomorrow at Civic Park, Niedringhaus and Delmar Avenues.

The public is being encouraged to attend the brief program.

Third of a series on the Quad City mental health center.
Robert Newsome, a staff psychologist whose background is mainly in organizational psychology and who is employed by the clinic on a half-time basis, has spent most of the past year working with the Granite City school system.

His role at the clinic, upon being hired in 1968, was to act as liaison between the professional staff of the clinic and the various educational, service-oriented, and industrial and commercial-oriented organizations.

From the beginning, however, this program has been limited to its thrust to educational organizations.

Shortly after October of 1968, Newsome arranged for monthly meetings to be held at the office of the county superintendent of schools.

On Veterans' Day, a Junior Girl Scout troop toured the Jefferson Barracks Historical Park and placed floral remembrances on a veteran's grave in observance of the national holiday. This May, 40 Junior Cadette and Senior Scouts will join in a parade of flags with the Daughters of the American Revolution.

Europe Tour in June
For many years, the scouts have been "building bridges" with other lands and in June, the scouts across the country from this region will go on an overseas camping trip, visiting Girl Scouts Girl Guides in Austria, Holland, Germany, France, Italy and Luxembourg.

Most of the trip will be spent tent-camping and cooking outdoors.

Nelson Executive Vice-President of Post Corp.

Post Corporation's board of directors on Friday declared a regular quarterly dividend of four cents a share and named David L. Nelson executive vice-president-treasurer. The firm, based at Appleton, Wis., owns the Press-Record.

Nelson joined the Green Bay (Wis.) Press-Gazette in 1953 as office manager. In 1955, he was named business manager of the Press-Gazette and controller of the Post-Crescent of Appleton. He was appointed vice president-treasurer of Post Corp. in 1962.

Post's dividend will be paid March 31 to shareholders of record at the close of business March 19.

GC Man Fatally Hurt in Crash

One man was killed and three other persons were injured in a highway accident, while a total of 14 persons sustained injuries in 20 mishaps during the weekend in the Quad-Cities.

Clarence A. Ficker, 71, a well-known figure to school children who cross the busy Pontoon-Nameoaks road intersection, was fatally injured in a two-vehicle crash at 1:05 p.m. Saturday, on Route 3 at Chain of Rocks Road, north of Granite City.

Mr. Ficker, a school crossing guard for several years, lived at 3807 Cayuga St. He was taken by ambulance to St. Elizabeth Hospital where he died at 2:40 p.m. Saturday. An inquest will be held.

In fair condition at the hospital is Clyde T. Hull, 55, of 2608 Cayuga St., a passenger in Mr. Ficker's pickup truck. He suffered contusions and lacerations to the face, both knees and left leg. He underwent a series of x-rays before admission.

Illinois State Police said the driver of the second vehicle was Rogers Norman, 33, of St. Louis, who was traveling east on Chain of Rocks Road and drove into the path of Mr. Ficker's truck which was northbound on Route 3.

Released after Treatment
Norman was taken to St. Elizabeth where he complained of soreness in the ribs. He sustained abrasions and contusions to the right leg, a small laceration on the right side of his face and underwent x-rays of the chest and right leg. He was released after treatment.

A passenger in the Norman auto, Edward C. Jones, 49, of St. Louis, was treated at the

hospital for pain in the chest and rib area. He also had x-rays taken and was released.

Mr. Ficker was unconscious when taken to the hospital emergency room and efforts to revive him, including a tracheotomy, were unsuccessful.

A 55-year resident of Granite City, Mr. Ficker was a native of Bethalto. He was a former railroad trainman and had served as a school crossing guard since retirement.

Popular With Pupils
Mr. Ficker was popular with pupils at Nameoki Grade School who crossed the highway under his supervision, and frequently acknowledged motorists who daily pass the intersection enroute work with a friendly wave.

He was a member of the Second Baptist Church and the Brotherhood of Railroad Trainmen.

Mr. Ficker is survived by his widow, Mrs. Virginia Ficker; three sons, Richard Ficker of Granite City, Mrs. Barbara Barnes of Godfrey, Mrs. Frances Hudson of Massachusetts and Mrs. Nora Jean Bain of Virginia; three brothers, Ralph and Benny Ficker, both of St. Louis, and Charles Ficker of Granite City; two sisters, Mrs. Margaret Rickard of St. Louis and Mrs. Rose Miller of California; 16 great-grandchildren and two great-granddaughters.

Funeral arrangements are given in the obituary column.

A two-car collision at 29th and Adams streets at 7 p.m. Thursday resulted in injuries to three

adults and three children. The drivers of both vehicles were reported in fair condition Friday at St. Louis Hospital.

Police said an ambulance, owned by Gary W. Wheaton 17, of 19 Briarcliff Drive, operating east on 20th Street, collided with a vehicle traveling south on Adams, driven by Mrs. Shirley E. Hoffman, 25, of 1501 Edwardsville Road.

Taken by ambulances to the local hospital were Wheaton, who suffered contusions of the nose and ribs and underwent x-rays of the skull, nose, spine and ribs before being admitted. A passenger in his auto, Carl O. Nightingale, 18, of 4063 North St., who was released after treatment, complained of pain in the back, left hip and leg, sustained contusions and abrasions to the leg and hip and had x-rays taken.

Mrs. Hoffman was admitted with contusions of the forehead, left foot and ankle and had x-rays taken of the right shoulder, spine, right leg, left ankle and skull.

Mrs. Hoffman's three children, who were passengers in the car, April Crona, 2, Leona Sue Crona, 5, and Michael Crona, 6, sustained minor injuries, were examined and released.

Three large plate glass windows, a brick wall and stacks of merchandise were damaged at National Food Store, Madison Avenue and Nameoki Road, at 3:15 p.m. Friday, when a woman motorist lost control of the auto she was driving and crashed into the building.

Mrs. Minnie Hauke, 77, of 7741 Harvey Place, Apt. 115, told police she was headed

south in the store parking lot, toward the Nameoki Road exit, when she lost control of the car and came to a stop inside the building.

Taken by ambulance to St. Elizabeth Hospital were Mrs. Hauke, who complained of pains in the back and had x-rays taken; and Mrs. Ora Copeland, 54, of 2805 Edwards St., a shopper inside the store.

Mrs. Copeland, who was not struck by the vehicle, was knocked to the floor and pinned beneath fallen merchandise and broken glass from the windows. She suffered a puncture wound in the left leg and abrasions and contusions to both legs. Both Mrs. Hauke and Mrs. Copeland were released after emergency treatment.

Driver Hurt
A collision at 25th Street and Delmar Avenue at 4:20 p.m. Friday involved vehicles operated by Paula Carver, 2589 Stratford Lane, and A. C. Thomas, 1416 Niedringhaus Ave. Police said Mrs. Carver's northbound auto collided with the Thomas vehicle, which spun around. Minor injuries were sustained by Mrs. Carver.

Roger Hughes, 57, of 2516 Circle Drive, was admitted to St. Elizabeth Hospital at 9:35 p.m. Friday with severe chest pains, after he struck the steering wheel in an auto accident in the Wood River area.

Clinic, Special Education Staffs Cooperate in Helping Youngsters

(Third of a series on the Quad City mental health center.)

Robert Newsome, a staff psychologist whose background is mainly in organizational psychology and who is employed by the clinic on a half-time basis, has spent most of the past year working with the Granite City school system.

His role at the clinic, upon being hired in 1968, was to act as liaison between the professional staff of the clinic and the various educational, service-oriented, and industrial and commercial-oriented organizations.

From the beginning, however, this program has been limited to its thrust to educational organizations.

Shortly after October of 1968, Newsome arranged for monthly meetings to be held at the office of the county superintendent of schools.

These meetings included the county superintendent, the assistant superintendent, the directors of the three special education regions within the county, and representatives of the Department of Education of SIU and representatives of the Department of Mental Health, Zone VII.

Coordination, Consultation
In the main, these meetings have functioned as a forum for discussing how to avoid duplication, how to collaborate on re-active and provocative programs, and discussion on how mental health could help the school districts meet the mandate of House Bill 1407.

In addition to these meetings at the county level, Newsome has established a consultative relationship with the Parents Committee for Special Education, the director of pupil personnel for the largest of the

six school districts which comprise the clinic's catchment area, with two of the directors of the three special education regions within the county, and with the 12 guidance counselors of the Granite City School District.

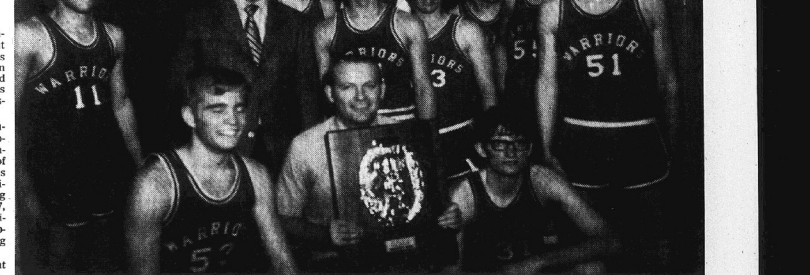

The consequences of this consultation have yielded less duplication of services, better understanding and appreciation of what the clinics and the schools could offer one another, assistance to the county in meeting the mandates of House Bill 1407, greater collaboration on individual cases, and in-service programs for schools covering aspects of:

a. The teacher and student relationship.

b. The teacher and teacher and administrator relationship.

c. Consultative services which

GC Sailor Home After Mediterranean Tour

Petty Officer Third Class Richard A. Hensley, 22, son of Mr. and Mrs. Robert Vaughn, 2329 Shirline Drive, arrived home last week on a 21-day leave after spending the past six months in the Mediterranean area on board the aircraft carrier USS John F. Kennedy.

The local sailor, a three-year Navy veteran, was greeted in Norrick, Va., by his mother and sister, Miss Tina Vaughn, his grandmother, Mrs. Evelyn Frazier, and Mrs. Helen Holder, a family friend, all of Granite City.

The local group was part of a large delegation including several military bands, on hand to welcome the carrier and crew members home. The Kennedy crew was cited for preventive action in "cooling" tensions in the Middle East during the Mediterranean assignment. A tour and reception on board the Kennedy and USS Independence was enjoyed by the visitors, who spent a week in the Virginia area before returning home.

Illegal Prescriptions Presented at 3 Stores

Attempts to get forged prescriptions filled were reported Thursday by three Granite City druggists, who alerted local police to the separate incidents.

Only one of the three attempts was successful. All three prescriptions, supposedly issued by a Collinsville physician, who police said has been absent from this area approximately two years, prescribed amphetamines or barbiturates.

Police said Phil Sheridan of the Sheridan Drug Store, 2301 State St., reported two men brought in a prescription for 30 barbiturate tablets written by the Collinsville doctor at 9:50 a.m. Thursday. The druggist told the pair he would check with the physician.

A short time later, one man telephoned the store asking if his sister could pick up the prescription. Sheridan said. The pharmacist did not fill the order and the customer failed to return, police said.

At 10:25 a.m. Thursday, Don Vaughn of Vaughn's Pharmacy, 1831 Delmar Ave., notified police that a woman had offered a prescription for amphetamine tablets, also prescribed by the Collinsville doctor at 9:50 a.m. Thursday. When informed the prescription would take a few minutes to complete, the woman said she had left a small child in her auto, left the shop and did not return, Vaughn said.

Paul Schuler of the Midtown Pharmacy, 1507 Johnson Road, reported at 2:30 p.m. Thursday, an incident occurring the previous afternoon when a woman who identified herself as a Collinsville resident presented a prescription also supposedly written by the same doctor. A druggist at the store, believing the prescription to be valid, filled the order as prescribed for 45 amphetamine tablets and the woman departed.

5.3 Accidents Per Day in Quad-City Area This Year

Traffic accidents in the Quad-Cities occurred at a rate of more than five per day during the first two months of 1971, according to statistics shown today. A total of 317 accidents, 167 in January and 150 in February, were reported, an average of 5.3 accidents per day.

Traffic fatalities in February were down well below the January figure. Six persons lost their lives in traffic crashes in the first month of 1971 and only one fatal accident was reported here last month.

Accident and injury totals this far into 1971 show a significant drop below the totals

February Rainfall in Area Above Normal

Rainfall in the Quad-Cities during February was well above the average for the month and was nearly six times as great as the rainfall reported here in January.

A total of 3.65 inches of rain or the water equivalent of snow fell here during the month. The average for February is 2.04 inches. In January only .64 of an inch of rain fell in the area. The days with the largest amounts of rainfall included Feb. 5 when 1.57 inches of rain fell, the 22nd with .85 of an inch and the Feb. 4th when 31 inches of rain was recorded. Days with measurable snow were Feb. 6 and 13.

Lawrence D. Foy, Belleville, has been appointed manager of the East St. Louis & Interurban Water Co., according to an announcement by R. W. Greaves, manager of the utility.

Appointment of Richard C. Emmons, also of Belleville, to the position of assistant production superintendent also was announced.

Foy served as supervisor of distribution operations prior to his promotion. Emmons has been an employee of the utility since 1954.

William Petrie, 76, Dies in Arizona

Masonic funeral services were held Saturday in Sun City, Ariz., for William A. Petrie, 76, of Youngtown, Ariz., a former local resident, who died suddenly at a Youngtown hospital.

Mr. Petrie was taken to the hospital after suffering a stroke at home and died a short time later. He was believed to be in fairly good health.

A native of Cincinnati, Ohio, Mr. Petrie had resided in Granite City 38 years prior to a retirement in 1959 when he and his wife, Mrs. Gertrude Petrie, who survives, moved to Arizona.

He formerly was employed at the North Plant of Granite City Steel Co., and also on various construction projects. He was a member of Masonic Lodge 877, AF&AM, Granite City, and a former member of the First United Presbyterian Church here.

Beside his widow, also surviving are a daughter, Mrs. Garrett Prestly of Madison; a son, Charles Petrie of Pleasant Hill, Calif.; three grandchildren and three great-grandchildren.

4 Named Outstanding Teenagers of America

Four Granite City High School students have been selected as Outstanding Teenagers of America for 1971, according to Lawrence C. McCauley, principal.

Selection for the Outstanding Teenagers awards program automatically qualifies these students for further state and national scholarships and honors. Local nominees are Deby A. Baker, Philip D. Dortch, Susan Klyasheff and David A. Rouland.

Nominated by their principals, the Outstanding Teenagers of America are chosen from individual schools across the country for excellence in community service and academic achievement.

The local students will now vie for the Outstanding Teenager of the Year trophy to be presented by Gov. Richard B. Ogilvie. Similar trophies will be presented to winners in other states.

The state winners are selected by the Outstanding Teenagers Awards Selection Committee, in cooperation with the Board of Advisors.

From among the 50 state winners, one boy and one girl will be chosen for the national scholarship prize of \$1,000 to attend the college or university of their choice.

In recognizing the special talents of the outstanding teenagers, Astronaut Neil Armstrong said they "have the ability to face the difficult problems of our times and the obligation to accept the challenge."

They also have the "opportunity to become great national leaders and doers," President Nixon said in a congratulatory message to the nominees.

Under the guidance of the board of advisors, the Outstanding Teenagers of America program was created in 1967 to encourage young people to take full advantage of the opportunities in America. The awards are presented annually, and biographies of all those honored are recorded in an annual volume.

Board of Advisors
Headed by the board of advisors is Doug Blankenship, past national president of the U.S. Jaycees.

Serving with him are Mary P. Allen, director of public information, American Vocational Association; Mrs. Lillian Andrews, national civic leader; Harry A. Applegate, executive director, Deca, Inc.; Alden G. Barber, chief scout executive, Boy Scouts of America.

Paul Gray, executive secretary, Future Farmers of America; Robert Gutlich, vice-president and public relations director, Montgomery Ward; George Gullen, national YMCA president; John Hudson, director of post-secondary development, American Vocational Association; James Jeffrey, executive director, Fellowship of Christian Athletes.

Robert F. Lucas, director, Key Club International; Mrs. Robert S. McEllan, director, College and Junior Red Cross, Washington, D.C.; Dale Evans Rogers, author and entertainer; Grant A. Shrum, executive director, H-I Foundation; and Hugh B. Sweeney, program director, Junior Achievement.

St. Teresa Academy Plans Adult Classes

St. Teresa academy is beginning adult evening classes which may be applied toward a high school diploma. Thirty-two hours of class—two hours each on Tuesday and Thursday from March 23 through May 13, 1971—will make it possible to earn one credit, with the fee set at \$20 a credit. Classes will meet from 6 to 8 p.m. on Tuesdays and Thursdays at St. Teresa Academy, 2501 Ridge Ave., East St. Louis.

It is planned to offer any of the following courses: beginning, intermediate, and advanced typing; beginning, intermediate, and advanced shorthand; accounting; Spanish; general mathematics; algebra; general science; chemistry; American literature; English skills (including grammar); speech; and basic graphically. Besides these credit courses, the bank was elected secretary-treasurer of Group Nine, Illinois Bankers Association at the Spring meeting held at Augustines Restaurant Thursday.

Illinois Bankers Association has a membership of 1100 banks and is divided into 10 groups. Group Nine, the largest, includes 101 area banks from nine surrounding counties.

Speaker for the occasion was Alan J. Dixon, treasurer of the State of Illinois.

Attending the meeting from the bank were H. D. Karandjeff, Ernest A. Karandjeff, Allen Jesses, John Pelton, John McDonald, Thomas Killoren, Robert Dietrich, Tony Zedolek and W. E. Evans.

HOW DOES LSD ("ACID") ACT?
ITS "TRIPS" ARE SCARY

LSD is so powerful that an amount covering a pinhead can turn a person into a monster. It enters the brain and confuses the senses. A sound may appear as a color. A fire seems to be a fragrant flower, so that the user reaches for it or put his face to it and suffers a severe burn.

A feeling of lightness can influence an LSD user so that he thinks he can fly and he does, right out of the window to his death. He is out of touch with reality. If he has a "good trip," he can recover. He can, months later, he can get the LSD effects without taking another dose.

LSD does not improve the personality or increase one's creativity. A "good trip" can make you mentally unstable. Your brain might not be able to take it. Keep away from LSD.

The next of these Public Service messages will discuss Marijuana or "Grass."

Television Class Sets Tele-Day on Wednesday

John Moorman's television production class at Southern Illinois University-Southwestern will hold its first Tele-Day Wednesday.

The simulated television broadcast will begin at 9 a.m. with a signal transmitted via coaxial cable to the Cable Lounge in the University Center, as well as to the lobby of the Communications Building. It will be a continuous feed of programming, as though a station were on the air, originating from the television studios of SIU-SW. The programming, concluding at 4 p.m., will not be available on home receivers.

The TV production class has been assigned management and production responsibilities. The day's operation will include not only the origination of program material, Moorman said, but the production of programs, identifications, and promotional spots, all of which make up a day in the life of a TV station.

Students, including Greg McGee of Granite City on the production staff, will be utilizing full television facilities of SIU-SW's Broadcasting Service Center. The studios will be used for three live newscasts produced in cooperation with the TV news class. This will also involve the news gathering facilities of radio station WSIU-FM, the journalism center and the daily school newspaper, the Aleste. News, weather, and sports will be as accurate and as up-to-date as if the station were on the air, Moorman said.

Other programs will include a 60-minute program produced by NET (National Educational Television) at the Mississippi River Festival, a news program produced in cooperation with the University Theater, a children's program developed by the class, a "live" variety show originating from the studios during Tele-Day and an hour-long special with Richie Havens.

3 Arrested on Firearm IDs, Dram Shop Charges

Three Granite City men remained in custody yesterday at police headquarters following their arrest at 11:20 p.m. Saturday in the 2200 block of Edison Avenue after officers halted the vehicle in which the men were riding.

Arrested and charged with having no firearm owner's identification card were Robert Fernandez, 20, of 2200 Edison Ave., and Larry E. McKenney, 20, of 2104 State St. The third man, Greg Argent, 20, of 1937 Grand Ave., was booked on a charge of violation of the Dram Shop Act.

Cub Scout Roundtable Tuesday at Venice
The March Cub Scout roundtable meeting will take place at 7:30 p.m. Tuesday at the Venice Recreation Center. It was announced today. The monthly theme to be observed is "Vandalism," a spokesman said.

All leaders, den mothers and pack committeemen from Unihw District packs are invited to attend. Handicraft projects should be brought by the leaders for display.

Collision on Fehling
A collision on Fehling Road at 6:42 p.m. Saturday, involved vehicles operated by Stanley L. Martin, 44, of 2617 Adams St., and Gary L. Sanders, 18, of 2624 E. 26th St. Police said Sanders, traveling east on Fehling Road, made a left turn in front of the Martin vehicle.

Hit at Signal Light
A northbound auto operated by Fran H. Wilson, 35, of 2820 E. 28th St., was struck in the rear while halted for a traffic light at Madison Avenue at 23rd Street, at 2:45 p.m. Saturday. Driver of the second vehicle was Mrs. Edith T. Story, 2040 Iowa St., police said.

Development in Area of \$320 Million During 1970

Industrial and commercial development of more than \$320 million was experienced by the St. Louis Metropolitan area during the year 1970, according to figures released today by the Chamber of Commerce of Metropolitan St. Louis.

The total includes more than \$107 million for the final quarter of the year, M. A. Atkinson, Jr., Chamber executive vice-president, pointed out. In 1969, the growth total was just over \$400 million, Atkinson said.

The figure does not include construction by churches, schools, housing developments and government.

The metropolitan area industrial and commercial development for 1970 shows: New industry, 25 for a total investment of \$4,372,800; industrial expansion, 134 for a \$28,134,010 investment; New commercial, 118, with an investment of \$38,798,350; Commercial expansion, 371, investment, \$138,448,020; Transportation expansion, 10, investment, \$7,735,380; Public utility expansion, 28, investment, \$107,994,340.

The total number of new and expansions for industry, commercial, transportation, and a public utility for 1970 was 696, compared to 727 in 1969, the Chamber figures show.

As in 1969, the final quarter in 1970 hit the highest total, with the second quarter, \$73 million next. In 1969, the third quarter ranked second highest in dollar total.

The largest investment project in 1970 was the \$9,000,000 Fairgrounds Shopping Center in St. Charles. No other single investment exceeded the \$2 million mark.

GC Man Completes Army Repair Course

Private Paul H. Hellrich, 23, son of Mr. and Mrs. Henry J. Hellrich, 2437 Hodges Ave., has completed a turret artillery repair course at the Army Ordnance Center and School, Aberdeen Proving Ground, Md.

Mrs. Bardney Hickey Dies at Age 70

Mrs. Bardney Hickey, 70, St. Louis, a former resident of Granite City, died at 4:30 a.m. Friday at City Hospital Number 2, St. Louis, where she had been a patient since Dec. 29. She had been ill since breaking her hip in September, 1970.

Mrs. Hickey was born in Raleigh, Mo., and had lived in Granite City from 1948 to 1965. While here she was a member of the Second Baptist Church. Her husband, Henry Hickey, preceded her in death June 1, 1965.

She is survived by two daughters, Mrs. Dorothy Gucciardo of St. Louis and Mrs. Lillian Ryan of Granite City; six grandchildren and 16 great-grandchildren.

Funeral arrangements are given in today's obituary column.

Joseph Manalovich, Madison, Dies at 80

Joseph Manalovich, 80, of 714 Iowa St., Madison, died in St. Elizabeth Hospital at 3:25 p.m. Friday following a brief illness. He had been in the hospital one day.

Mr. Manalovich was born in Yugoslavia and moved to Madison about 63 years ago. He lived in Madison 30 years and then moved to Donaldson, Ill., where he farmed for 30 years prior to moving back to Madison three years ago.

He is survived by his widow, Mrs. Minnie (Neski) Manalovich, one daughter, Mrs. Joseph (Betty) Guidic of Madison; a stepson, Frank Motyka of Panama, Ill.; six grandchildren and 13 great-grandchildren.

Funeral services are given in today's obituary column.

Incumbents File In School Races

All eight incumbents for school board offices open to election next month in Granite City district 9, Madison district 12 and Venice district 3, have filed petitions of candidacy for the April 10 balloting.

All were unopposed today, but five sets of petitions have been obtained by other potential candidates and may be filed before the March 19th deadline.

In Granite City, incumbents George Moore, Donald Stucke and Harold Davis have filed petitions as candidates for reelection. Four other petitions have been obtained. Davis is the sole rural representative on the board and, by law, at least one rural representative must be elected.

Frank Derner and Ole Blumensack have filed for reelection in Madison, but one other petition has been issued to Theodor Kemp, 821 Franklin St. In Venice Leo Daviny and Elmer Taylor are unopposed at this time and no other petitions have been issued.

The set day to withdraw petitions will be March 23.

HELP!! Tigers try, in vain, to bottle up Warrior Terry Ripka under the basket Thursday. Coming to his aid are, left to right, No. 20 John Ireland, No. 52 Mike DeRuntz and No. 54 Chuck Kraus. Edwardsville's No. 45 Brian Wendler and No. 43 is Bob Arnold.

GOING IN FOR TWO. Warrior Bob Wiggins (No. 11) moves down the court with Redbird Glen Lott (14) hot on his heels. GCHS defeated Alton Friday for the regional title.

FROM THE SIDE CORNER No. 30 Terry Ripka sinks one Thursday. Moving up on the left is Warrior Joe Wallace (32) as Warrior Mike DeRuntz (52) stands ready for a possible rebound. Edwardsville's Greg Ahart (33) jockeys for position.

GC Topples Alton for Regional Title, Faces Flyers in Sectional Wednesday

Remember 1940 and Coach Byron Bozarth and Andy Philip and friends? Not many are predicting flatly that 1971 will bring Granite City High School a second state basketball championship. But then, not many Warrior fans are forecasting that it won't happen, either. Conquerors of Alton 75-70 in the Wood River regional final Friday night after crushing Edwardsville's hopes 59-37 the night before, the disciplined proteges of Donald Deterding are knocking on the door of success and will be in the "sweet 16" if they survive sectional games Wednesday and

possibly Friday at the Edwardsville High School gymnasium.

Title Tilt Friday

The junior-laden but talented Granite City aggregation (now 20-8 for the 1970-71 season) is paired with East St. Louis (21-7) at 7:30 p.m. Wednesday following a Tuesday clash between Triad (St. Jacob-Troy-Marine) and Gillespie. The Tuesday and Wednesday winners will collide Friday night for the sectional championship.

If the Warriors win the Edwardsville sectional, they will advance to the Tuesday, March 16, super-sectional or first-round state

game at Charleston against the Paris sectional titlist (Teutopolis, Paris, Mattoon or Robinson).

A win at Charleston would send GCHS to the University of Illinois, Champaign-Urbana, for the state "elite eight" finals Friday, March 19, and Saturday, March 20. The Warriors would play in the first round at 8:30 p.m. March 19 against the Normal super-sectional winner (Marquette of Ottawa, Normal U. High, Mendota and Pontiac are playing in the Urbana sectional).

A victory that night would lead to a 2 p.m. March 20 semifinal game with the survivor of the Macomb and Crete super-sectionals.

Tickets for Wednesday's vital game with East St. Louis at Edwardsville went on sale to

FREE TOUR LITERATURE AT HOLIDAY SERVICE

Press-Record Sports

day at GCHS at \$1.50 for adults and \$1 for students. If the limited supply is not exhausted by then, the sale will resume from 7:30 a.m. to 4 p.m. tomorrow.

Both of Wednesday's foes are in the Southwestern Conference. East St. Louis placed third with a 9-3 won-lost record and the Warriors were fourth at 6-6.

GCHS, Flyers Split

They divided their two meetings this season, GCHS losing 75-60 at East St. Louis Dec. 12 and winning here 64-52 on Feb. 5.

In garnering their first regional championship since 1960, the Warriors earned an early lead and kept the pressure on throughout, aided by an effective full-court zone press. Quarter leads were 17-9, 35-23 and 55-48.

Leading the offense with 29 points, Terry Ripka hit eight of 11 shots from the field and connected on three free throws in the second half. John Ireland

led the Warriors with 10 of his 14 points in the last two quarters.

Mike DeRuntz tallied 11, Joe Wallace 10, Bob Wiggins 10 and Chuck Kraus four each and

Kevin Dyer, three. Wallace and DeRuntz fouled out. GCHS led 28-26 in field goals and 19-18 in free throws. Ron Caldwell led the Redbirds with 34 points.

Defense Outstanding

"Defense was the key to our victory," Deterding told the Press-Record. "It's great when you hold 6-7 and 6-6 players to only a few points. Alton tried a zone and man to man defense against us but neither showed us down much. Ripka was a great."

Scorers in the 18-8, 29-21, 44-25, 59-37 romp over Edwardsville Thursday were Ripka 28, Wallace and DeRuntz 10 each, Wiggins four, John Pithers three, Ireland two and Kraus and Dyer, one each.

DeRuntz, Ripka and Wallace each took eight rebounds as GCHS led 38-24 in this phase. The Warriors hit 24 field goals for 59% and the Tigers 12 for 23%. Officials called 20 fouls against GCHS and 13 against Edwardsville but the Warriors were better free throw marksmen, 79% to 52%.

Bill Mitchell led the Tigers with 15 points. Deterding felt that "keeping the ball away

from Greg Ahart and keeping Mitchell pinned down were the big factors. I was happy with the defense," Ripka guarded aggressively and DeRuntz did a great job against Ahart."

MORE ABOUT Girl Scouts

Girl Scouting movement in America, was proud of the girls for working together to achieve a common goal — a nation of healthy, well-adjusted, happy young people in a stimulating environment.

During a White House conference in December 1970, delegates of the National Girl Scout Council outlined comprehensive child development programs — including health service, day care and early childhood "education for living" — as the "up-pestmost concerns."

With so many of the girls and adults communicating on the same level, the Girl Scout program is regarded as capable of continuing to be successful bridge across the "generation gap."

Jacquin, Chapin Win Again on Ice

Ed Jacquin, 17, and Jim Chapin, 15, members of the Gateway Speed Skating Club at the Wilson Park Ice Rink, won St. Louis city championships in races last week.

They will lead a metropolitan area squad in the National Masters meet in the Silver Skates at 2 p.m. March 21 at the St. Louis Arena.

Chapin won the junior three-quarter mile event in 2 minutes, 16.1 seconds, and Jacquin took the intermediate title in a two-mile race in 6 minutes, 19.3 seconds.

The two recently earned a spot on a 24-man national team at a West Allis, Wis., meet, from which the 1972 Olympic speed skating team will be selected for the Winter Olympics in Sapporo, Japan.

Expect Court Ruling

The controversial question as to whether Mayor Donald Partee or the Granite City council has the right to make appointments of department heads is scheduled for a decision in circuit court at Edwardsville March 18. Circuit Judge Howard Lee White of Jersey County is on special assignment to Madison county, in the case, which involves a suit filed by 12 aldermen against the mayor.

Dram Shop Charge

Robert L. Carroll, 17, of 2534 Spalding Ave., was charged with violation of the Dram Shop Act when arrested at 11:35 p.m. Saturday at 26th Street and Edison Avenue.

6 Swimmers Qualify For YMCA State Meet

Six members of the Tri-Cities YMCA swim team qualified for the "Y" girls state swim championships in District 4 competition Saturday at Quincy.

Two of the six won individual contests, with the remaining four capturing fourth place in a relay event, but matching qualifying times to compete at the state-wide meet set for March 27 at Peoria.

The sole first-place winner was Maria Fernandez, daughter of Mr. and Mrs. John Fernandez of Collinsville, who won top honors in the 25-yard backstroke event for 8-year-and-under and earned 2nd place ribbons in the same age division in the 25-yard free-style and breaststroke races. She will compete at state in the two events.

The second individual local competitor qualifying for the Illinois was Rosaleen Baggett, daughter of Dr. and Mrs. Gerard M. Baggett, 2850 Edison Ave. Also competing in the 8-year-and-under division, Rosaleen won 2nd place in the 50-yard free-style and a third place in the 25-yard butterfly, both qualifying her for the state meet. She also captured a 6th event award in the backstroke.

Meeting qualifying times in the 200-yard medley relay event in the Prep division (11-12 year olds) were Debbie Griffin, daughter of Mr. and Mrs. Richard Griffin, 2007 Garfield Ave., Mary Beatty, daughter of Mr. and Mrs. William Beatty, 115 Riviera Drive, Laura Mann, daughter of Mr. and Mrs. Henry Mann, 1707 Garfield Ave., and Erin Stocker, who resides in St. Louis.

Other local competitors were Rebecca Rawden, Theresa Durney, Dawn Lamb, Susan Lewis and Judy Polach, two 5th place awards in 200-yards free style medley relay events.

Preps — Mary Beatty, 4th place, 50-yard back stroke and 5th place, 50-yard free style; Debbie Griffin, 8th place, 100-yard individual medley and 8th place, 50-yard breast stroke; Erin Stocker, 8th place, 100-yard individual medley and 12th place, 50-yard free style; Laura Mann, 9th place, 50-yard back stroke; and Connie Hein, 12th place, 50-yard back stroke.

Cadets — Pam Polach, 3rd place, 25-yard breast stroke. Juniors — Gayle Schenke, 4th place, 100-yard free style, 8th place, 100-yard back stroke and 9th place, 50-yard free style and 9th place, 100-yard free style.

Other local competitors were Rebecca Rawden, Theresa Durney, Dawn Lamb, Susan Lewis and Judy Polach, two 5th place awards in 200-yards free style medley relay events.

Cougar Baseball Team, Loaded with Talent, to Open Season March 21

Coach Roy E. Lee announced the 1971 Southern Illinois University-Southwestern baseball schedule this week. The schedule includes eight games in the Southland beginning with a pair of singles in two days with Ed Stankley's University of South Alabama in Mobile.

South Alabama, Mississippi State and the University of Mississippi and Union University of Jackson, Tenn., are the four new schools added to the Cougar baseball schedule. SIU-SW has increased its games from 28 to 34.

On the spring trip, which opens March 21 at Mobile against South Alabama, the Cougars will play eight games in 10 days. Last season, on a similar trip south, Coach Lee's club won five-out-of-six, splitting with Tulane in New Orleans.

For the 1970 season, the Cougars had an impressive 23-5 record, losing to Nicholls State of Louisiana in the finals of the National Collegiate Athletic Association's Midwest Regional tournament at Normal. The Cougars had opened the tourney by beating Nicholls State and then the defending champion, Illinois State University, before losing to Nicholls State in the Louisiana nine on the two-defeats-and-out meet.

Coach Lee's squad is loaded with talent for the 1971 season. The Cougars lost only three seniors, pitchers Bruce Thompson and Don Poo and infielder Ed Dan Weaver. All were missed. Thompson posted a 7-0 season with an earned run average of 2.04 and Weaver was the Cougars' second best hitter with a .353 average. Poo had a 5-1 record and a 1.60 ERA.

Dan Cole, the 6-4 outfielder from St. Louis' Normandy High, who led the Cougars at bat with a robust .389 batting average, is back and the shoulder injury which cut him down in the first game of the NCAA tournament apparently is completely mended.

SIU-SW's airtight infield, third baseman Rick Keefe and second baseman Denny Schuttenhofer, both from Belleville, and shortstop John Belk from St. Louis' Fairview High, are back. Hard-hitting Ron Rohlfing of Valleyview High, who played both first base and outfield for the '70 Cougars, is in the Army in Georgia and will be out for the season. He hit .306 last season, including three home runs. He still has two seasons of eligibility left.

At first base, Lee has two

players he'll go to, Dave Hays of Crab Orchard who covered the position parts of 27 games, and Willis Bundy, veteran catcher from Valleyview, who hit .346 in 13 games, while Hays hit .286. Both hit for power.

Catching duties are up for grabs between sophomore Roger Belshe of Granite City and veteran Mike Allaria of Edwardsville. Allaria, who hit .286 in 13 games, appears to have an edge over Belshe who hit only .167 in 11 contests. Coach Lee feels, however, that Belshe will raise his average at least 100 more points this year.

"His back-to-back home runs against Tulane in his varsity debut last spring in New Orleans may have given him the edge he's a power hitter. This season, he'll be stroking the ball for just the base hit," Lee said. Jerseyville's Bob Mueh, a second-year pitcher, will fill out the Cougars' catching corps.

In the outfield, in addition to Pitcher and Cole, Lee will have four others to fill the spot. Vacant by Ron Rohlfing's Army duty. They are John Goddard of Washington, Ill., Jan Diehlinger from Centralia, Steve Horner from St. Louis' Normandy High, and John (Champ) Summers, a senior from Madison, who also played baseball for SIU-SW.

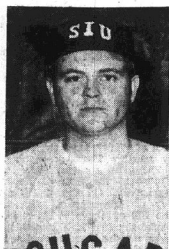

Trying out in Lee's fall drills, Summers survived a field of more than 100 players who tried out for the team. SIU-SW's hurling staff will be headed by two veterans, left handed Steve Malone, Marion, and Don Rains, Granite City, a right-hander. Malone's ERA was 2.56 and Rains' 1.64. Relievers back from the 1970 squad are Harvey Self, from St. Louis' St. Thomas Aquinas, and Dan Klutho, from St. Louis' Augustinian Academy.

Two junior college transfers, Ron Middleton, Orlong, and Mandy Macius, Springfield, are being counted on to take up the loss of Thompson. Stan Hawkins, Bethalto High graduate, and Mike Dickey, Flora, are both up from the '70 frosh squad and are expected to see a lot of action.

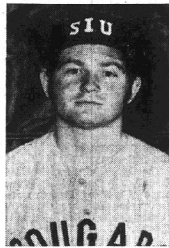

Back-up players in the infield are Joe Crenshaw, Winfield, Mo.; Jack Forstel, St. Louis' McBride; Mike Scroggins, Roxana High; Curt Reed, East St. Louis, and John Conrad, from Columbia's Gibault High.

Two Park Softball Meets Set Thursday

Two meetings will be held Thursday at the Lincoln Place Community Center, 822 Niedringhaus Ave., concerning Granite City Park District softball programs.
The first at 7 p.m. will be for managers and coaches of junior high school, high school girls and women's slow pitch teams. Managers and coaches for all men's leagues, Church Leagues, High School Boys, Classic and 35 and Over Leagues will meet at 8 p.m.

Power Volleyball Is Taught at Workshop

Fourteen local physical educators attended a one-day workshop Saturday at Monticello, Lewis and Clark College in Godfrey.

Sponsored jointly by Southern Illinois University, William T. Trimpe, superintendent of the Madison County Educational Service Region, the office of the state superintendent of public instruction and the Southwest District of the Illinois Association for Health, Physical Education and Recreation, the workshop is held annually to provide physical education in the St. Louis Metropolitan area an opportunity to examine new concepts in education and improve their individual teaching skills.

Hayes Kruger and Miss Jane Myers, Madison College, Harrisonburg, Va., nationally recognized authorities in the area of movement education, conducted four sessions for elementary teachers, the focus of sessions designed for secondary teachers was on "power volleyball."

Local teachers involved in planning the conference included Larry Moehn, on leave from SIU and teaching this year at McKinley and Lake schools, who served as conference chairman; Miss Leigh Heller, Parkview school; Miss Ann Johnson Stalling, Miss Joanne Higgins, special education, and Miss Margaret Roberts, Maryville school.

Miss Kerch Participates
Bringing greetings from the national professional association was Miss Barbara Kerch, who currently serves as a vice-president of the American Association

tion for Health, Physical Education and Recreation.

Her post in the Granite City school district is director of physical education for senior high and junior high girls and for elementary boys and girls.

In addition to the conference session, participants were given the opportunity to examine new publications and instructional materials provided by distributor from the local area.
Teachers attending from the Granite City schools included Susan Smith, Frohardt; Dorothy Bailey, McKinley; Judy Uhles, Marshall; Margaret Roberts, Maryville; Janis Whetzel, Nantook; Pat Maxey, Niedringhaus; Sandra Bowles, Wilson; Leigh Heller, Parkview; Ann Moehn and Joanne Higgins, special education; and Janet Williams and Linda Hill, Granite City high school.

Weather Delays 'Y' Soccer Openings

Opening games of the YMCA soccer program, which were scheduled for Saturday and Sunday, were called off due to the weather.
Rubin Mendoza, program director, said the games would be scheduled at a later date.

LACLEDE STEEL COMPANY RECOGNIZES SAFE WORKERS

The Laclede Steel Company employees whose names and pictures appear on this page are living proof that the most effective safety device is the trained, safety-minded employee.

Each year for more than a decade Laclede has recognized those steelworkers who have worked for five years or more without a lost time accident. A lapel pin is awarded for each five-year period of accident-free employment.

Pictured and listed below are the employees who received this safety award at the end of 1970.

In addition, 543 other Laclede employees at Madison not pictured or listed, completed a combined total of 5,689 years of service without a lost time accident. Their individual safety records range from one year to thirty-five years.

Laclede is proud of these safe working employees and we think their friends and neighbors will be, too.

Mayor Proclaims March 7-13 Save Vision Week'

Mayor Donald Partney has proclaimed March 7-13 as "Save Your Vision Week" locally, calling on all official bodies and organizations to cooperate with local optometrists "in informing citizens of good vision practices."

The observance is being held in conjunction with the local branch of the Illinois Optometric Assn.

"We want this to be more than just another weekly observance, but a really meaningful learning experience that will prompt citizens of all ages to take better care of their most precious health possession—their eyes," the mayor said.

percentage soars to more than 80%.

"Ninety three per cent, or virtually all of the persons over 65, have a visual handicap," Dr. Roman added.

"While these statistics are admittedly frightening, many visual problems can be stopped before they start with regular checkups by a vision specialist and attention to the simple rules of good vision practices. If we can convince our local citizens to follow these recommendations, observance will be a success."

Explorer Officers to Get 'Copter Rides'

Fifty officers of 12 Explorer Posts of the Cahokia Mound Council will ride in UH-1H helicopters—commonly known as "Huey"—as a special feature of a weekend planning conference March 13 and 14. The session will be held at the Ramada Inn, St. Louis.

Captain Martin Jenkins of the Aviation Systems Command (AVSCOM) will supervise the flights in which all the Explorer officers will experience a ride in the type of craft currently used in Vietnam.

Major General John Flingsen, AVSCOM commander, will host the Explorers. He will be assisted by Capt. Jenkins, an explorer advisor with the St. Louis Boy Scout Council, who also is active in scouting. The flying will be done under the direction of Jack Lore, an instructor pilot.

The "Huey" is a utility helicopter, powered by a single turbine engine, and cruises at 110 mph. This is the most commonly used copter in the Vietnam conflict.

The purpose of the weekend meeting is to train Explorer officers in program planning, post leadership and to annually plan district and council activities for the coming year.

Southeast Asian Trip Related to Optimists

Traditional customs and present-day progress amid impoverished conditions in Southeast Asia were discussed by Harry Johnson, former Madison postmaster, who spoke to Granite City Optimists Thursday.

Johnson described the progressive economy of Japan and the strides made by that nation since World War II.

The speaker noted that Tokyo now registers more vehicles than New York City and has a large super-highway program. He was impressed by the "bullet" train, connecting Tokyo and Osaka. It covers the 300-mile distance, including two stops, in three hours and 20 minutes, reaching speeds up to 130 miles an hour.

The guest speaker discussed customs in Thailand and reported that for a 10-day period he was hospitalized in that country.

Twenty-six Optimist members attended the luncheon at the Rose Bowl. Don Farrington was awarded a traveling trophy for wearing the "loudest shirt and tie" among those present.

Boy, 15, Wounded in Accidental Shooting

A 15-year-old youth was wounded in the chest by an accidental shooting at 10:45 p.m. Friday.

Admitted at St. Elizabeth Hospital with a gunshot wound on the right side of the chest which punctured the interior chest wall, Larry Tinker, 15, son of Mr. and Mrs. Alva Tinker, 1904 Johnson Road.

Police said the youth was accidentally shot by Thomas A. Thaxton, 15, of 3408 Lydia Lane, at the home of a mutual friend, Kenneth J. Holman, 17, of 3301 Johnson Road.

Two other 17-year-old youths were at the Holmans' residence at the time the shooting took place. A .22 caliber chrome automatic pistol was confiscated by authorities.

Cahokia Man Wounds Self in Area Tavern

A Cahokia man who apparently shot himself in the left hand when the weapon discharged at 1:45 a.m. Sunday, was admitted for treatment at Christian W. LaFare Hospital, East St. Louis, a short time later, Madison police charged.

Madison police, patrolling near Garrett's Lounge, 801 Jackson St., entered the tavern when patrons informed the officers a man had shot himself.

Robert Collins, 22, of Cahokia, who had left the home located at the East St. Louis hospital, Police there informed local officers that Collins reported being shot in East St. Louis. A complaint was signed by Madison police charging Collins with unlawful use of a weapon.

Vadalabene Proposes New Health Program

Illinois State Senator Sam Vadalabene (D-Edwardsville) introduced in the Senate Friday a bill that would establish a Madison police patrol for the prevention and reduction of disability and death from atherosclerosis.

The new division of the Illinois Department of Public Health would be established with a budget of \$2 million. "We in Illinois must take the lead in fighting heart disease," a Senator Vadalabene said.

"What we are proposing is an all out attack on a health problem that accounts for 90 per cent of all heart diseases and general strokes."

A business session is planned and second grade room mothers will serve refreshments. Mrs. Annette Scrum, president, will preside.

Tentative plans have been made for a school-wide skating party to raise funds to send delegates to a PTA convention in April.

The annual school picnic is planned, and there will be an April 19 volleyball game between faculty members and parents.

Mrs. Diana Dietrich, vice-president, will be in charge of the PTA unit players and Mrs. Myrlene Donelf, school nurse, will direct the faculty day.

Nite Lites "lock up" this showroom every night

This is a daytime photo of Ted Christman's outdoor showroom for new and used cars in Urbana. When the sun goes down, his 32 decorative Nite Lites switch themselves on, turning the lot into an attractive all-night display case for sparkling cars.

The flood of light is not only attractive; it's also a protective shield that's mighty discouraging to would-be thieves and vandals.

Whether you display merchandise indoors or out, your business could benefit from the protection of decorative, automatic Nite Lites. This is a service you can rent from Illinois Power. A flat monthly fee provides the Nite Lites, installation, maintenance and all the electricity they use. Just phone our office and ask about Nite Lite service.

LOOKING FOR A NEW CAREER? EXAMINE THE POTENTIAL OF SELLING VOLKSWAGENS

They're a different kind of car and we sell them in a unique way. Our sales story depends upon service. We're the newest dealer in the Metro East area and our facility is modern and well-equipped. We'll give you all the tools you need to be a successful salesperson. Our compensation plan is the best in the Metro East Area.

What are your requirements?

(1) You don't need automobile selling experience.

(2) You must be willing to work long hours and love selling as a profession.

(3) You must be able to follow our manager's directions.

Be honest with yourself! Do you meet the qualifications? Phone for an appointment: Bud O'Connell, 345-5555.

Illinois Environmental Protection Agency Divided into 8 Bureaus to Aid Controls

By IRA TEINOWITZ
Press-Record
Springfield Correspondent

The Illinois Environmental Protection Agency has undergone a major reorganization which may greatly affect the pollution control function of the agency.

Under the reorganization which director William L. Blaser announced to the State's House of Representatives Committee on Environment, the agency is now divided into eight bureaus.

Five of the bureaus, air pollution, land pollution, noise pollution, water pollution and public water surplus are control bureaus and another three, legal services, administrative services and laboratory, are service bureaus.

Blaser said in the past, the agency has been divided into geographical areas with staff going after whatever type of pollution they felt was worst.

Engineers Specialized
Under the new plan, he said, each control bureau will have its own engineers specialized in a certain field. These engineers will go anywhere in the state to check pollution complaints in their field.

Blaser told the newly-created committee that the agency performs six functions in the fight against pollution.

—The agency develops standards for what is too much pollution.

—The agency grants permits for pollution control devices.

—The agency maintains surveillance of plants for possible pollution.

—The agency trains and certifies operators of pollution control devices.

—The agency undertakes special planning projects to help find ways of ending pollution.

Blaser's agency is one of three in the state government that deal with pollution.

When his agency has developed a case against a polluter, the case is turned over to the office of State Attorney General William Scott. If Scott wishes to prosecute he files the case before the state's Pollution Control Board.

David P. Currie, chairman of the board, said a hearing examiner then is assigned to hear testimony on the case. Hearings, Currie said, are always held in the affected communities.

Currie noted that private individuals may also file cases before the board. In that case, he said, the individuals must pay for their own prosecution.

Once the hearing is complete, the transcript of the testimony is forwarded to the board which then decides the case.

The board decides on the basis of guidelines it has set down on the amount of pollution allowed. The Institute of Environmental Quality helps the board by hiring experts to help determine what some of these guidelines should be.

Under the reorganization, director Michael Schneiderman also provides experts to the agency to help in its prosecution of cases. But the main purpose of the institute, he said, is to do research on pollution and the ways of preventing it.

Schneiderman said almost all of the research is done by state universities under a special contractual arrangement with the state. He also holds two Purple Heart medals for his service in Vietnam.

The incident from which the decoration resulted occurred two years ago near Kontum, in the Central Vietnamese Highlands, when part of Lt. Jones' company was pinned down by sniper fire and the officer led a squad forward under fire to extract the casualties.

The ex-Army officer, now employed in the Utility Department of Granite City Steel Company's Blast Furnace Division, lives in East Alton with his wife, the former Hope Rowland of Laurel, Md. He received the medal and citation last week.

Lt. Jones won his first Bronze Star Medal for meritorious service in Vietnam from Nov. 14, 1967 to March 3, 1968, while serving with D Company, First Battalion, 173rd Airborne Brigade, 503rd Infantry. He was with the same outfit when decorated with the Bronze Star for heroism.

Text of Citation
The citation accompanying the medal reads in part:

"For heroism in connection with military operations against a hostile force. Lt. Jones distinguished himself on March 3, 1968, in Vietnam. On this day, Company D made contact with a dug-in enemy company and the point element was pinned down by sniper fire.

"Lt. Jones exposed himself to the enemy fire in order to keep his platoon firing and moving at the same time. Upon reaching the lead element, he established a security perimeter and called for litter bearers to carry the wounded to the command post.

"At this time, the enemy began to mortar the area and the operation was stopped. Lt. Jones exposed himself to enemy fire. Lt. Jones led an element forward to continue to extract the casualties. While in this position, he also directed mortar and artillery fire to counter the enemy.

"Lt. Jones' actions were in keeping with the highest military traditions and reflect great credit upon himself, his unit and the United States Army."

During the March 3 action, the lieutenant sustained shrapnel wounds to the right leg. He was hospitalized at the 249th General Hospital, outside Osaka, Japan, and later evacuated to Fitzsimmons Army Hospital in Denver, Colo.

He was released from the medical facility on May 8, 1968, and re-assigned to a stateside unit. He also suffered a minor wound in action in February of the same year.

Lt. Jones entered the Army in January 1966. He is a graduate of Wood River Township High School and attended the University of Missouri, at Rolla, for 1½ years prior to enlistment.

Auto Fails to Stop, Hits Police Vehicle
Larry W. Crader, 14, of Wood River, was charged with reckless driving after his auto struck and damaged a Granite City police department station wagon, parked at the intersection of 26th Street and Grand Avenue, at 3:50 a.m. Saturday.

Crader said he saw the police vehicle halted at the intersection, but was unable to stop due to wet pavement. Patrolman Ralph Parnley, operator of the patrol wagon, was responding to a fire alarm call at 1940 Grand Ave. at the time of the accident.

Calvo to Meet With Air Pollution Board
Members of the Granite City Air Pollution Control Board are scheduled to meet with State Representative Horace Calvo at 7:30 p.m. today in city hall to seek his support of a \$26,000 federal grant application.

If approved, the grant would allow the establishment of a full-time air pollution control department in the city.

Henry S. Bielecki, chairman of the board, said the board has every reason to believe the grant will be approved since the resignation of C. W. Klassen from his position as director of the Illinois Environmental Protection Agency. Klassen consistently opposed the federal grant request by Granite City.

Klassen was replaced by William L. Blaser, a former management consultant for the agency. "We think we will have Mr. Blaser's support," Bielecki said.

Other items on the agenda include the review of a contract with the consulting firm of Ryckman, Edgerley and Tomlinson, and consideration of a variance to the Nestle Co.

Terry Jones Cited for Heroism in Vietnam

Terry H. Jones, son of Mr. and Mrs. David Jones, 2017 Madison Ave., a former first lieutenant in the U. S. Army, has been awarded the Bronze Star Medal with First Oak Leaf Cluster for heroism in Vietnam. He also holds two Purple Heart medals for his service in Vietnam.

Airport Commitment Stands -- Ogilvie

The agreement between the state of Illinois and the city of St. Louis to proceed as rapidly as possible with development of a major metropolitan area airport on the Illinois side of the river is unchanged by comments following in Washington sponsored by Missouri officials.

The governor reaffirmed his commitment to a proposed \$350 million airport for the Illinois sector of the metropolitan area and said that studies of the airport made for Illinois will be made public in six to eight weeks.

Ogilvie has asked the Illinois legislature for \$15 million in bond funds to begin acquisition of airport land as soon as a site is selected.

Text of Statement
The governor said:

"The recent meeting in Washington sponsored by various Missouri officials has resulted in considerable comment on plans for a new airport to serve citizens of the entire metropolitan St. Louis area.

"In my judgment, none of the facts which emerged from that meeting or the subsequent comment in news media detract from the merits of the plan announced last April by Mayor

Cervantes and me to proceed with development of the new airport on an Illinois site.

"The current reports and the FAA's reiteration of its support for an Illinois location have, in fact, confirmed that decision. An Illinois site close to downtown St. Louis will be more convenient, less costly, freer of air space problems and entirely compatible with the best future development of the entire region.

"Approximately two weeks ago I stated that we would make public within six to eight weeks various studies made for

the state of Illinois on the airport. This timetable will be met.

"Today I want to reaffirm my own commitment to the project and my pledge to continue to work in close cooperation with Mayor Cervantes for its realization. Our program is on schedule and we shall continue to push it forward to conclusion.

"I am hopeful that we shall continue to have the support of the citizens of the region for a project so important to the metropolitan area, to the nation's air system, and particularly to air travelers who will get the benefits of a modern jetport."
